

OREGON CONFERENCE PATHFINDER FAIR 2017

May 21, 2017
Oregon State Fairgrounds
Salem, OR

Pathfinder Theme Text

11 Not that I speak in regard to need, for I have learned in whatever state I am, to be content:
12 I know how to be abased, and I know how to abound. Everywhere and in all things I have
learned both to be full and to be hungry, both to abound and to suffer need. 13 I can do all
things through Christ who strengthens me. Philippians 4:11-13.

FOOD BOOTH PLANNING

Pathfinder Fair 2017

PURPOSE

- Food Booths are intended to provide wholesome foods for Pathfinders, staff, and guests.
- A Food Booth is a good way to raise money for your club.
- All items must be appropriate for a vegetarian diet.

FOOD BOOTH APPLICATION

- Applicants must be active Pathfinder clubs and have all their monthly reports turned in to the conference.
- **The Deadline for your Food Booth Application to be received at the Pathfinder Office is April 5.**
- You must attach to your application a copy of the Food Handlers card of everyone in your booth handling food.
- Each booth will be charged a \$30.00 fee. This pays for two chairs and two tables provided with each booth.
- Electricity is limited, please list on your application any electrical needs.
- Incomplete applications will be returned.
- Food Booths will be limited to the first 7 applications approved by the Pathfinder Office.
- Not all foods you list are automatically approved. A confirmation of foods permitted with information and requirements will be sent to approved applicants.

SERVING HOURS

- Be prepared to serve lunch between 10:00am and 5:00pm. No Pathfinders are to be involved with serving in a Food Booth. Parents or other adults should do this. During the Fair, Pathfinders should be participating in the activities.

CONFERENCE FOOD TICKETS

- The Conference will provide .50 cent food tickets to Pathfinder fair staff and pastors' families in appreciation for supporting their Pathfinder club. Please accept these coupons and cash them in at the end of the day at the registration table when you pay the booth fee.

HEALTH AND SANITATION

- Each food booth will meet the health requirements of Marion County Health Department.
- **All persons handling food must have a current Food Handlers Card.** Visit the Oregon Public Health website to verify which valid card can be obtained on line www.orfoodhandlers.com
- Each booth needs a method for cleaning hands and sanitizing work surfaces and all persons handling food must wear disposable gloves.
- NO FRYING NOR MICROWAVES are allowed inside or outside the building; however, crock pots and warming ovens are permitted.

CLUB NAME	HONOR

PLANNING, DESIGNING & BUILDING

The Pathfinder Booth

Purpose

The purpose of the display booth is to provide an opportunity for visitors, and members of other clubs to view the honor and projects the Pathfinders have enjoyed working on during the year.

Planning, Designing, & Building

- Pathfinders are to be in the booth area from 11:00 am to 1:00 pm for judging. If you have a small club and are participating in the Drill and Marching, your booth will be judged except for the participation. Participation judging will be completed as soon as possible.
- Be creative, plan ahead, let Pathfinders and Teens have a vital part in producing the booth.
- Start working on the honor to be displayed well in advance so that the Pathfinders will really know about it and be ready when they are asked questions by others and by the judges.
- Show work Pathfinders have done and place a small card with their name and grade of each Pathfinder beside their project. When the projects are done in the club, Pathfinders may be neater when they realize their projects are to be displayed at the fair.
- Staff is only allowed to put the booth framework together. *The Pathfinders must do all the decorating and display work.*
- Pathfinders must set up the displays. Staff needs to stand outside the 10' x 10' booth area until the display has been completed. They may stand by and encourage but must not decorate.

Yearly Pathfinder Theme & Honor

- The yearly Pathfinder theme must be displayed on booth.
- Make a 16"X20" oval replica of the honor patch from wood, tag-board, cloth, etc. to display on booth.
- Honor shown is to be one that the Pathfinders worked on *this Pathfinder year*.
- Honor requirements are to be displayed on the booth. Make them creative and readable
- Display the club's name on the booth.
- Properly display US flag, Pathfinder flag, and Unit Guidons at the booth area. (Refer to the *Oregon Pathfinders Handbook*, Flags section for proper placement of flags and guidons.)
- Bring a working demonstration. If Pathfinders have been taught and have completed the honor they will be able to answer questions asked of them. Staff is not to be in the 10' x 10' booth area during demonstration. They may stand outside and give verbal encouragement.
- Planned activity: to receive maximum points, prepare an activity where observers can participate in at the booth area hosted by Pathfinders to receive maximum points (this is different than the demonstration listed above).

Booth Area

- If your working demonstration requires a table and chairs you must bring your own. All tables and chairs must fit within the 10' x 10' booth area. Note: extra tables and chairs will not be provided at the Fair for your booth area.
- There will be no electrical supply for your working demonstration so plan accordingly.
- Don't let your booth area become your club's "storage unit." Bring a tablecloth to cover your table, and a container to place under your table for all the extras (cameras, water bottles, etc.)
Note: If you use a container be sure the tablecloth material hangs down to hide it from view.

Pathfinder Drill Down

Equipment Required:

- Pathfinders in Class A Dress Uniform
- Staff Judge in Class A Dress Uniform

Participants:

- Female Pathfinders listed on your club's Pre-Registration Form – (only one may be above grade 10)
- Male Pathfinders listed on your club's Pre-Registration Form – (only one may be above grade 10)
- Staff to judge the Pathfinders from your own club

Set-up:

- All Pathfinders participating gather on the event floor facing the Drill Master
- All Staff judges are stationed around the event area where they can monitor their Pathfinders

Guidelines: (Judge will monitor these guidelines)

1. All commands must be executed correctly and promptly.

Procedure:

- Commands will be given by the Drill Master from the *Pathfinder Club Drill Manual*.
- Pathfinders will stay in the event as long as they properly and promptly execute all commands given.
- Pathfinders will immediately fall out and remove themselves from the drill area when they execute one command improperly or not promptly.

Errors:

- Pathfinders are on the honor system and remove themselves when they execute one command improperly or not promptly
- The Staff judge can override the decision of their Pathfinders during or at the conclusion of the event.
- Club Points are given for participation, not for placement.

Placement:

- Ribbons are given for staying in the Pathfinder Drill Down based on timing:
 - Participation under 1 minute
 - Third place 1 – 3 minutes
 - Second place 3 – 5 minutes
 - First place over 5 minutes

Questions & Feedback:

- Event Coordinator: Loren Rogers. Call the Pathfinder Office for Loren's contact information.

IT'S ALL ABOUT AIR

Brief outline of event: Build a PVC pipe tower, attach and pop a balloon. Clubs are encouraged to design their own creative tower.

The Goal of the event is to creatively build a tower and pop a balloon in around 20 minutes. This is not a race to beat other clubs; it is a contest against self. With a "win" accomplished by a design that accomplishes the goal in the most creative way possible within a given time frame.

Participants:

For this event, clubs need 2 or more Pathfinders and one staff member to judge another team.

Supplies: All Pipes and fittings are white schedule 40 PVC water pipe and fittings. For this event, **all items listed below must be used** to build your tower. The design at the end of these instructions is just one example that could be used. A team may use more than the minimum items listed below, including any fittings made for PVC pipe.

13 feet or more of ½ inch white PVC Schedule 40 water pipe (buy extra pipe for fair event practice)

13 – ½ inch PVC fittings of your choice (buy extra fittings for creative designed towers)

1 – Hose clamp to hold balloon on the open end of the ½ inch PVC pipe

1 - Balloon provided by the conference at the fair (use 12 inch balloons for your practice)

Tools needed

Saw or Ratcheting PVC cutter to cut pipe (Home depot prices: hack saw \$5.00 and PVC Cutter \$14.00)

Tape Measure and pencil

Small Metal File to smooth cut ends if needed. (for safety, both ends of the file need to be blunt)

Hex or flat blade screw driver for the hose clamp

Plastic tub to put all of the above in and collect saw dust and tools. Any items longer than the tub may sit beside the tub

If needed, a work bench, table, chair or whatever to help hold pipe while cutting and filing edges

1 plan either written, drawn or photographed on paper by Pathfinders (not adults) showing the layout.

Estimated cost of event: \$20.00 plus various tools and supplies from home.

Layout

Participants are at the start line. The action line is 25 feet away. All supplies are at the action line.

Procedure:

Each team stands behind their start line facing their tub of supplies. At the sound of the horn, Pathfinder #1 goes to the action line, checks the plan, measures, marks with a pencil and cuts two lengths of pipe, files any rough edges smooth if needed and installs fittings as needed. #1 then runs back to the start line and tags Pathfinder #2, who runs to the action line and repeats what #1 did. #2 then runs back to the start line and tags Pathfinder #3, who repeats the above procedure. This continues until all the pipes are cut to the correct lengths and installed as determined by the design plan the local club has drawn up. After all the pieces of pipe and fittings have been put together, the next runner slides the pipe clamp and balloon over the open end of the pipe, and tightens the clamp over the neck of the balloon. **THE NECK OF THE BALLOON MUST BE AT LEAST 66 INCHES OFF THE FLOOR.** The last runner(s) blows the balloon up with their mouth over a blow mouth coupling on the PVC pipe until it pops. (complex designs may require

more than one runner with several blow mouth pieces on the tower)

Errors: (lower one ribbon color for each error listed)

1. Failure to use at least 13 feet of pipe and 13 white Schedule 40 PVC fittings in the event.
2. Failure to have a clean slap on the hands or crossing the start line too soon.
3. All pipe lengths must be measured and marked by the Pathfinder that is cutting it. No premeasuring allowed.

Placements will be determined at the fair. Our goal is for most clubs to be finished within 20 minutes.

Additional information:

1. Every club is encouraged to design their own tower, but the minimum PVC fittings and pipe as listed must be used. Using additional fittings and pipe are encouraged for a creative design.
2. Use a coupler with a Pathfinder's name written on it as a mouth piece to blow up a balloon.
3. When blowing balloon, hold your tongue over the tube while you get another mouth full of air to blow into the tube.
4. If the balloon has a hole in it, the Pathfinder blowing the air may run to a judge for a new balloon and install it. Use care when placing the neck of the balloon over the tube.
5. A hex driver will tighten the hose clamp faster than a flat blade screw driver.
6. No glue is used in this event. Fittings just pushed together will hold the air resistance needed. During practice, a hammer will help take fittings apart for the next practice.
7. Place the tub below the pipe to collect the "sawdust". At end of event, each club is to clean up their area, including popped balloons. (bring small broom and dust pan)
8. At the fair, all clubs will do the event at the same time.

Procedure to follow at the fair:

1. There are two finish lines with a start line in the middle. Half the clubs will face opposite sides.
2. Each club's team and tub of supplies, along with the judge from their club will line up at the center line.
3. A conference event judge will direct each club which way to face for their finish line and give each judge 2 balloons and a score placement pack of papers.
4. Facing the stage, all judges will now move two clubs to the right to judge that team. The last two judges on the right end will move to the first two clubs on the left end.
5. Each club will place their supplies on the finish line they are facing.
6. Each judge will stand by the tub of supplies for the club they are judging.
7. When all clubs are ready, the start horn will sound and the event will begin.

Skills learned for this event:

1. Ability to use a tape measure
2. Ability to cut a pipe square
3. Ability to use a hand file to smooth rough edges of pipe
4. Ability to draw or write a simple set of instructions
5. Ability to follow directions

List of supplies used for the idea shown below (reminder, you are encouraged to use your own design):

- 7 – 4” pieces of ½ inch schedule 40 PVC pipe
- 8 – 9” pieces of ½ inch schedule 40 PVC pipe
- 1 – 56” piece of ½ inch schedule 40 PVC pipe
- 9 – ½ inch PVC 90 degree elbows (buy a pack of 12)
- 4 – ½ inch PVC tees (buy a pack of 12)
- 1 – hose clamp large enough to fit over the top of the ½ inch pipe
- 1 – ½ inch PVC coupler to use as a mouth piece

One example of Tower with balloon at top. Designing your own tower is strongly encouraged.

Trusting Rescue Relay

Objective: To safely transport a Pathfinder on a Litter/stretchers thru a series of obstacles.
Consult a Red Cross manual and requirement 9 of the Basic Rescue honor.

Participants: Minimum of Seven up to 14. Pathfinders from smaller clubs may need to have multiple tasks, combine with another club or use some Adventurers to hold the 3' pole. Larger clubs should use as many as possible.
One staff who knows how to make a litter to monitor another club.

Materials You Bring: 2- Six foot poles, one folded blanket, 1 three foot pole, 1 bicycle helmet worn by the victim, towel or cloth rag

Conference will provide: cereal bowl, water

Setup: Ten (minimum of 4) Pathfinders will be at the Start Line.
Most of the materials, victim with the helmet on, and judge will be at the Action Line 15' away.
Two Pathfinders will hold (**Be Content**) the 3' obstacle pole horizontally between them at a height of 3' at the Obstacle Line, 30' from the Start Line.
One Pathfinder will be at Turn Around Line 40' from the Start Line. (**Be Abased**)

Procedure: At the sound of the horn, Two Pathfinders at the Start Line will run to the Action Line and make an improvised litter from the 6' poles and blanket. They will run back (**Abound**) to the Start Line and tag two Pathfinders who will go to the Action Line and place the victim, who is lying down, on the stretcher according to Red Cross methods. They will run back to the Start Line to tag four to six litter carriers who come to the Action Line.

A staff from another club will have placed a cereal bowl (**Be Hungry**) on the victims chest and fill it half full of water (**Be Full**). No one can hold the bowl. The carriers will lift the victim/ litter and move (**Suffer Need**) it to Obstacle Line, where they will carry it under the Obstacle Pole without touching the ground. They then go around the Pathfinder at the Turn Around Line and head back to the Obstacle, this time going over the pole. They return to the Action Line where they carefully (**Christ Strengthens Me**) put the victim down.

If at any time the water spills the carriers must return the victim/litter to the Action Line and start the transport over again. Also any spilled water must be immediately cleaned up with the towel by a carrier.

Placement: Based on time to complete event. Judges may have the team return to Start Line if victim is placed on litter roughly. Please provide feedback and questions for clarification by April 1.

Your Day In Review Event

Brief outline of event: Pictures taken by Pathfinders highlighting their point of view of the day's fair events to be shown at the end of the day.

Supplies: Clubs would be asked to provide:

1. Smart phones and or cameras.
2. Download capability from camera device to computer.

(There is No WI-FI/internet access at this venue)

3. Laptop Computer with current version of Windows based PowerPoint.
(Version 2013 or newer—no Apple Computers)
4. 1 USB Flash Drive/Thumb drive/Jump drive

Estimated cost: There should be no cost if personal or loaned equipment can be obtained.

Goals:

1. Engage Pathfinders in events at the fair.
2. Allow them to see their work with a day end presentation.
3. Encourage cross club participation.

Description of event: After the Opening Ceremony (estimate 11:00) the event will begin. Pathfinders will be asked to capture pictures of the day's events. Pictures that include interesting and exceptional views of **other clubs** activities are encouraged. In the afternoon at 2:00pm the Pathfinders will be asked to take their pictures/device to the "day in review" tables behind the stage where their club will be assigned a chair, they then can load the pictures into a Power Point program on the Laptop that they have brought. The first picture in their presentation will be required to show the name of their club preferably from their booth or marching banner. Each club will designate a Pathfinder to integrate the pictures into Power Point, but other Pathfinders may help in the picture selection process. Cross club assistance from more experienced Pathfinders in other clubs helping less initiated Pathfinders will be encouraged. As much as is possible, Pathfinders should complete these tasks unaided by adults. One or two Support staff will also be available to assist the less initiated Pathfinders. **Preprogramming PowerPoint and testing downloading of pictures without Wi-Fi or internet access, before the fair is strongly encouraged.** Each club will select 15 pictures

that will be automatically advanced at 2 seconds per picture, with the exception of the first picture, which should be displayed for 3 seconds for a total program length of 31 seconds.

Please note: Upon completion of the assembling of the presentation it must be reviewed by a member of the support staff for appropriateness, at which point it can be saved on a jump drive under “club name” fair2017.ppt. Full points will be awarded the club when the jump drive is handed to the support staff no later than 3:00pm. The presentations will be loaded on the Laptop of a conference computer ready for presentation no later than 3:30pm.

Skills learned for this event:

1. Photography skills.
2. PowerPoint presentation skills.
3. Cheerful cooperation skills
